Week2

- UVa 272 – Tex Quotes [UVa 272]
- UVa 490 – Rotating Sentences [UVa 490]

- Submission file name (e.g. 844082)
  - s{StudentID}-UVa100.cpp → s844082-UVa272.cpp
  - s{StudentID}-UVa10035.cpp → s844082-UVa490.cpp

UVa 272 – Tex Quotes

- TEX is a typesetting language developed by Donald Knuth.

TEX

"To be or not to be," quoth the Bard, "that
is the question".
The programming contestant replied: "I must disagree.
To `C' or not to `C', that is The Question!"

``To be or not to be," quoth the Bard, ``that
is the question".
The programming contestant replied: ``I must disagree.
To `C' or not to `C', that is The Question!"

UVa 272 – Tex Quotes

Quotation

- Notice that the question of nested quotations does not arise: The first " must be replaced by ``, the next by ", the next by ``, the next by ", the next by ``, the next by ", and so on.

Quotation marks

Character	Description	HTML entity	Unicode	Mac shortcut	Windows shortcut
